

1 extended portion 2041 helps to protect leads 2042 from being
2 snagged, broken, or bent as a result of any mishaps in handling chip
3 2040.--

4 **REMARKS**

5 Applicants respectfully request that the Examiner reconsider the subject
6 application as amended herein.

7 **Specification**

8 Applicants have amended the Specification to correct a typo, replacing a
9 reference to Figure 22 that had been incorrectly written as "Figure 20." No new
10 matter has been added.

11 **Drawing Objection**

12 The Examiner has objected to a drawing not showing a clip and a cam
13 follower as recited in claim 84. Applicants have cancelled claim 84, without any
14 admission concerning the patentability or non-patentability of cancelled claim 84.

15 **Claim Objection**

16 The Examiner has objected to an informality in claim 68, and requested
17 appropriate correction. Applicants have corrected a typo by replacing the word
18 "a" with the word --the-- as requested by the Examiner. No new matter has been
19 added.

20 **Claim Rejections – 35 U.S.C. §112**

21 The Examiner has rejected claims 68 and 69 under 35 U.S.C. §112, second
22 paragraph, as being indefinite and being incomplete for omitting essential
